Showrooms

Designers, architects, and corporate purchasing agents make Joseph Jeup furniture available through selected showrooms, both domestically and internationally. Please refer to www.josephjeup.com/showrooms/ for a territory map and most current list of showroom representation. If you are outside of our sales territory areas, please contact us directly and we will direct you accordingly.

Terms & Conditions

ORDER PLACEMENT

Orders must be placed using a formal purchase order. A minimum deposit of fifty percent (50%) of the purchase price is required to initiate order fulfillment & begin production. Joseph Jeup, Inc. will confirm all orders prior to production with a written acknowledgement. Approximate completion and ship dates will be determined upon receipt of deposit, as well as any pending finish specifications, drawing approvals, & COM/L delivery. Balance payment is due in full prior to shipment, including packaging and storage fees, if applicable. If final payment is not received within 30 days of order completion, a storage charge may be applied until payment is received and the item is able to be shipped.

For purchasing outside of the United States, wire transfer information is available upon request.

PRICES

Prices are published each year F.O.B. from Grand Rapids, Michigan, U.S.A., and are designer net unless otherwise noted. Net prices do not include storage, freight, taxes, transit insurance, local delivery or installation. All prices are subject to change without notice. Please verify all pricing with your showroom or representative before submitting a new purchase order.

CUSTOM ORDERS

Custom construction and sizes are available by request, but are subject to acceptance by Joseph Jeup, Inc. As most of our pieces are customizable, these requests will be reviewed on an individual basis. Custom quotations and leadtimes are available through your showroom or representative for pieces outside of our standard catalog. Quoted prices are valid for 30 days unless otherwise negotiated when the pricing is given. No cancellations are allowed on custom orders.

DELIVERY & LEADTIME

Production and leadtime will typically begin upon receipt of a purchase order, but may not always start without the accompanying deposit, size and finish specifications, and COM/L materials when applicable. Additional delays due to revisions, drawing approvals, or other necessary information can occur when ordering custom products, so please submit a complete purchase order with as much confirmed information as possible. Leadtimes will vary by product, the availability of materials, and the current production schedule. All quoted completion dates are approximate and cannot be guaranteed. Joseph Jeup, Inc. shall not be responsible for any delay or failure in performance for any course beyond our control, including, but not limited to strikes, lockouts or other labor difficulties, failure or delay of sources to supply, transportation difficulties, accidents, fires, acts of God or any event which interferes with Joseph Jeup, Inc.'s normal business and manufacturing operations.

CANCELLATION POLICY

All goods are made to order per client specifications. Orders cannot be canceled after ten (10) business days from date of deposit, otherwise they will result in a forfeiture of the deposit. Changes to orders, returns, or cancellations are required in writing for approval from Joseph Jeup, Inc. Such orders may also be subject to price change or re-stocking fees of 25% - 50% of the net sales price.

STORAGE POLICY

All orders must be shipped within thirty (30) days of completion to avoid storage fees. A storage fee of \$300 per month will be added to the final invoice if the merchandise is not picked up before the thirty (30) day deadline expires.

CRATING, CARTONING & DELIVERY

Individual crating & cartoning fees are listed in the Price Guide, and are subject to change if special crating requests are made, whether for installation, assembly, or shipping purposes. International crating is available for an additional fee. Please see the Price Guide for more information.

In all cases, it is the responsibility of the purchaser to determine if the size of the completed furniture can be accepted through entry doors, windows, etc. Joseph Jeup, Inc. does not accept responsibility or liability where on-site conditions and limitations prevent final delivery of items.

METHOD OF SHIPMENT

Prices are F.O.B. as listed per item within the Price Guide. Joseph Jeup, Inc. does not facilitate freight arrangements,, therefore the purchaser or representative showroom is responsible for arranging freight shipments and deliveries. Client pickup directly from our facility is not permitted unless permission is given prior to order completion.

QUALITY LIMITATION & WARRANTY

Joseph Jeup, Inc. carefully inspects all items before they are crated or cartoned for shipment, and when able, archives a video record of the item's condition prior to being packaged. Joseph Jeup, Inc. cannot be held responsible for mishandling by a freight carrier or receiving warehouse, and therefore all damage claims will be carefully reviewed on an individual basis. Goods damaged in transit cannot be refused by the consignee, and must be settled by the consignee with the carrier that caused the damage. All packaging materials must be kept if the condition of the shipment is questionable. Customers and receiving warehouses must carefully inspect all items at the time of their delivery, and all damages must be noted on the Bill of Lading. Such obvious or discovered / concealed damage must be reported in writing to the carrier in accordance with the applicable regulations and time limits agreed upon when the freight arrangements were made. All claims against Joseph Jeup, Inc. must be made in writing within ten (10) working days after receipt of goods, including receipt at a receiving warehouse. Failure to make a claim within the ten (10) day period constitutes acceptance of goods and a waiver of any such defects, errors, or damage. If Joseph Jeup, Inc. accepts a claim, it is at our discretion as to whether a repair or replacement is warranted.

Joseph Jeup, Inc. warrants that any goods sold will be free from defects in workmanship and materials for one (1) year from date of shipment. This warranty does not apply to damage or breakage resulting from misuse, accidents, abuse, neglect, mishandling or wear resulting from normal use. Joseph Jeup, Inc. will repair, or at our discretion, replace free of charge, any defective merchandise. Defective products will be replaced within the normal production leadtime required to reorder and manufacture the same product.

RETURNS

All furniture sales are considered final. No returns, for any reason, will be accepted without prior written authorization from Joseph Jeup, Inc. and must be accompanied by an assigned return authorization number. Merchandise returned without a pre-assigned return authorization (RA) will be refused. Unauthorized returns will not be accepted and will be returned to the shipper freight collect. Returns for reasons other than valid claims, if allowed by Joseph Jeup, Inc., will be subject to a handling and/or re-stocking fee

General Information & Product Specifications

WOOD & METAL FINISHES

Metal and wood finishes are applied by hand, and may vary in color, tone, and character. The natural color and grain characteristics of wood may subtly affect the character of each piece. This is not considered a defect, but rather part of the natural beauty of the specie. Finished product may also reflect variations of the natural materials used, that may not have been visible on a finish sample due to its small size. Wood and metal finish samples are provided as general color references only, and should be used only as a guide. We will make every effort to match a finish, however no guarantee of an exact match can be made.

Joseph Jeup, Inc. does not guarantee finishes against fading or oxidizing. Custom finishes, alternate topcoats, and wood species are available upon request for special applications.

SPECIFICATIONS & EXCLUSIONS

Dimensions are given to the nearest eighth inch, and are considered to be approximate. All pieces are handmade to order, and therefore are subject to variation in size within a half inch. Actual product measurements may vary slightly from our published dimensions or those noted on your purchase order. If precise hold-to tolerances are required, please clearly note it on your purchase order and drawing approval, if applicable.

Joseph Jeup, Inc. reserves the right to make changes in design, construction, materials, and dimensions at any time. Products may be discontinued without notice.

CASEGOODS

Caseworks are made with hand-selected hardwoods and veneer, kiln-dried to 6-8% moisture content. All construction joints are engineered to the highest quality standards possible using various techniques, but not limited to: glue and dowels, threaded steel reinforcement rods, dovetails, and tongue and groove joints.

UPHOLSTERY

All upholstery orders must be accompanied by a Joseph Jeup UIF form (Upholstery Identification Form) to ensure proper material allocation and application. A sample form is included in this section and additional forms are available from your showroom, or salesrepresentative. Please mail this form to Joseph Jeup, Inc. with a swatch of each material attached face-side out and in the direction desired for application purposes. The swatch of COM is required to help identify the fabric when it is delivered and avoid errors in manufacturing due to incorrect fabrics that are sometimes shipped by mistake. Any special instructions regarding the application of the material (pattern, direction, face side, etc.) must be included on this form. Fabric is applied to an item vertically "off the bolt" unless otherwise specified. On large chairs and sofas, some fabrics may be railroaded to avoid seams. Please indicate your preference on the UIF form to railroad the fabric or to use standard upholstery, which may require additional seaming.

All COM/COL's to be shipped to Joseph Jeup, at 4171 Luxe Ct SE, Grand Rapids, MI 49512.. All COM/L shipments must be clearly sidemarked to include the sales order number, product for which the materials are intended, client, and showroom representative if applicable. Upholstery orders are added into the production schedule upon receipt of COM/L and complete information including the UIF form, finish, and sheen specification.

We must assume that all materials have been inspected prior to delivery to the workroom., and are ready to use upon arrival. Remember, leather is a product of nature, and at times, flaws are subjective. Scars, wrinkles, and other imperfections are very common and only add to the character of the piece. We will cut leather as free of flaws as possible, but may have to piece larger areas to increase yield and remove those flaws.

COM YARDAGE

COM yardage requirements listed in the Price Guide are estimated using 54" wide plain fabric. When using patterned materials less than 54" wide, please use the following guide for calculating yardage requirements, in addition to yardage called for in the Price Guide.

	FABRIC WIDTH	PLAIN FABRIC	2" - 14" REPEAT	15" - 19" REPEAT	20" - 27" REPEAT	28" - 36" REPEAT	
	54"	+0%	+10%	+15%	+20%	+25%	
COM BACKING	50"	+10%	+20%	+25%	+30%	+35%	
Backing is	48"	+15%	+25%	+30%	+35%	+40%	going to have
their fabric	45"	+40%	+50%	+55%	+60%	+65%	that we may
determine	36"	+50%	+60%	+65%	+70%	+75%	test, backing
arrangement							voice for the

order. An approved Change Order is required prior to fulfillment if backing is arranged by Joseph Jeup, Inc.

If backing requirements are discovered after delivery to Joseph Jeup, Inc., all costs and arrangements are the responsibility of the buyer, and may delay final production of the order. Standard upholstery leadtime does not begin until all materials are received by the workroom in usable condition.

COL SQUARE FOOTAGE

COL square footage requirement is based on full cow hides that do not have a pattern, significant defects, directionality, hair or unique textures, if any of these are specified additional square footage and seaming may be required.

TEXTILE CONSTRUCTION

Client is responsible for selecting textiles that are compliant with California Technical Bulletin 117 without any added flame retardants and shall not contain intentionally added PFAS.

UPHOLSTERY CONSTRUCTION

General upholstery frame construction includes kiln-dried hardwood frames, machined for durability. Dowel construction is used throughout, along with glue, screws and corner blocks. The suspension is then married to each frame for comfort and durability. Typical frames will have any one of the following construction methods: eight-way hand-tied coils, premium elastic webbing, or sinuous wire springs.

The inner upholstery consists of a layer of synthetic fiber batting covering the raw frame, followed by urethane foam and final layer of white synthetic fiber batting. All inner body fillings are hypoallergenic. The outer fillings begin with a synthetic fiber fabric covering, followed by a layer of synthetic fiber batting, and finally, the finish fabric.

All foam materials comply with California TIB 117.
